## *The Announcement*

The Southern Kansas Shorthorn Breeders' Association is pleased to take this opportunity of presenting their annual spring offering of breeding cattle. The cattle that have been sold through our spring and fall sales in former years have resulted in many satisfied customers who have become regular buyers of bulls and females.

In this sale are included a goodly number of young bulls ready for light service and quite a number of rugged bulls ready for heavy service. There are several choice young bulls that will bear critical inspection. Also several valuable tried sires are included. This sale will be an excellent opportunity to buy females; included will be cows with calves at side, bred cows and heifers and open heifers. At this time Shorthorns will be a good bet to help harvest your crops and convert them into beef.

Southern Kansas Shorthorn breeders for years have been interested in obtaining their herd bulls from the strongest herds in the country, and have picked of the tops of these herds to bring back to Kansas. Even some of the tops of the International sales are doing service in Southern Kansas. That is why Southern Kansas can offer Shorthorns that are of the improving kind, and they can be bought at a price that is right. We hope you will study the bloodlines represented, and come to the sale to study the cattle, they merit your attention.

HANS E. REGIER, Sale Manager.
